EDUCATION

Ain Shams University, Faculty of Engineering ICHEP

Cairo, Egypt

Bachelor of Housing Architecture and Urban Development; Dual degree with **UEL UK**

Graduation Date, June 2026

- **GPA:** 3.50/4.00
- **Graduation Project:** Mazar — A maritime cultural museum in New Suez City.

TRAININGS

Sustainable Housing from a European Perspective (SHEP) Summer School - TU Delft

Delft, Netherlands

Summer School Participant

Jul 2025 – Aug 2025

- Completed an international summer school focused on sustainable housing renovation, energy transition, circular design strategies, sustainable finance, and housing affordability in the European context.
- Collaborated through lectures, workshops, field visits, and group work on housing renovation challenges, with exposure to prefabrication, façade upgrades, insulation details, timber construction, and energy-efficiency strategies.
- Developed understanding of European approaches to social housing renovation, prefabrication, timber construction, stakeholder engagement, and sustainable neighborhood development.

First Group Developments Training

Cairo, Egypt

Architecture Trainee

Jul 2024 – Aug 2024

- Assisted in BOQ analysis, Revit technical design, and architectural modeling for real residential projects in Egypt.
- Developed Revit-based design drawings, technical details, and interior shop drawings to support project documentation and execution.
- Supported technical coordination through basic MEP integration review and gained on-site exposure to finishing works and construction-stage details.

Visual Identity of Egyptian Cities Workshop - Faculty of Urban and Regional Planning (CU)

Cairo, Egypt

Architecture Trainee

Aug 2023 – Sep 2023

- Conducted a site analysis and a site visit to the region of the **Ramses railway station** and its surroundings.
- Planned an assigned part of the site (Ramses square).
- Designed vision, concept, and visual identity for the renovation of the site.

Practical Landscape Design Training

Cairo, Egypt

Architecture Trainee

Jul 2023 – Aug 2023

- Integrated landscape architecture elements into various project types and sizes, from small gardens to city parks.
- Conducted a site visit and analysis to the **Faculty of Al-Asun Ain Shams University** to apply principles of hardscaping.
- Incorporated native plant species to enhance environmental harmony.

COURSES

Lumion Visualization Course - Arvil Group

Sep 2025
